DESIGN

The **SEXTANS** luminaire combines a timeless design with LED technology efficiency, making a perfect match between the environment where operates and the role it plays.

The available clear diffuser version is softer to the eyes due to high photometric efficiency and provides a significant reduction in the energy bill at the same time.

RELIABILITY

The **SEXTANS** luminaire is an outdoor light with a high resistance towards impact and vandalism by integrating an IP66 sealing level and an IK08 shock resistance level.

With a single, high impact, polycarbonate diffuser with anti-UV treatment - resistant to the sea air and corrosion - this unique luminaire was built to keep an outstanding long-life span.
